SUMMARY

Enthusiastic and self-motivated Full Stack Developer with hands-on experience in web development. Adept at creating responsive, user-friendly web applications with a focus on functionality and appealing design. Passionate about leveraging emerging technologies to deliver seamless user experiences

ACADEMIC PROJECTS

Voice Recognition System

Core Python

- The Voice Recognition System converts spoken language into text, enabling hands-free note-taking, command execution, and application control to enhance productivity and accessibility for all users. Application: Note-taking->Voice Commands->Initialization->Speech Recognition->Command Processing Final Outcome The final outcome is a user-friendly voice recognition application that converts spoken language into text, supports command execution, and offers audio feedback, enhancing productivity for professionals, students, and anyone seeking hands-free interaction

Online Quiz Management System

MERN Stack

- This project will facilitate the creation and management of online quizzes for educational purposes. Users can register as students or instructors. Instructors can create quizzes with various question types (MCQs, true/false), while students can take quizzes and receive immediate feedback. The admin panel will track scores and user engagement, providing analytics on quiz performance

Ecommerce website

MERN Stack

- Ses can sell goods and services online through e-commerce websites, which provide customers with a smooth shopping experience from item selection and browsing to checkout and payment processing. The objective is to develop a user-friendly, responsive website with an intuitive user interface (UI/UX) that promotes purchases, increases customer engagement, and facilitates business functions like inventory control, order tracking, and customer relationship management (CRM).

EDUCATION

Master of Computer Applications

Azad Institute of Engineering & Technology | Pursuing

Bacehlor of Computer Applications

Integral University Lucknow Sep 2022 - May 2025

Senior Secondary (XII)

A.H. Inter collage Musafirkhana Amethi

Highschool (X)

Manglam Inter College Musafirkhana Amethi

SKILLS

- MERN Stack
- Python, C/C++, PHP
- Git & GitHub
